Description

Black Spectra® knitted glove
Black nitrile foam coating on palm and fingers tips Benefit

Comfort

The knitting technique helps to obtain a glove that conforms snugly to the hand, with good dexterity.
The glove offers maximum comfort and added sturdiness.
The cool Spectra® touch gives an added sensation of comfort.
The ventilated back and foamy shape optimise the glove's breathability.

Resistance

The Spectra®/Lycra® thread provides outstanding properties against cuts.
The nitrile foam coating at the palm and fingertips provides outstanding abrasion resistance as well as good resistance against oils.
Caution! Do not expose this glove to the heat.

Safety

Marking of the cut resistance level on top of the glove for a better identification of the protection by safety manager and worker.

Hygiene

Its black colour and black coating make this glove more soil proof, thus ensuring a longer last.

Standards & Certification

EN 388:2016 - Mechanical Hazards Abrasion Resistance

4 : Abrasion resistance (0 to 4)
X : Cutting resistance (0 to 5)
4 : Tear resistance (0 to 4)
3 : Puncture resistance (0 to 4)
C : Cutting resistance EN ISO (Newton)

Packaging

Minimum packaging 10 pairs. Cartons of 100 pairs.
