

Spherical washers

Spherical washers are designed to create an exact, parallel plane between the bolt head and the face of the nut. These washers automatically adjust and compensate for the angular deviation between the planes and prevent the bolt from bending.

- Automatically compensates for angular errors
- Evenly distributed bolt tension
- Reduces bolt fatigue from bending bolts
- Improved bolt stretch possible due to increased clamping length
- Surface treated for protection in humid and harsh environments
- Available in standard and low-profile (LP) versions

Overview

Dimensions

Height	28 mm
Inner diameter	34 mm
Nominal height	28 mm
Outer diameter	56 mm
Product weight	0.42 kg

Properties

Recommended applications	Machinery installed on SKF Vibracons
Material	Alloy Steel, surface treated
Coating	Nitrocarburized
Colour	Metallic black
