Total Service

racksack®

- Easy collection of waste
- Easy to fix, easy to remove
- Helps waste segregation
- Hard-wearing & re-usable
- Available in blue or green
- Other designs & special prints including logos are available on request

Waste management problems are easily solved with the racksack. Ideal for most warehouse racking systems, the racksack quickly fixes to the end of your racking frame.

The racksack is designed for most racking and shelving systems between 900mm and 1100mm. Once full, racksacks can be removed and emptied with ease.

The racksack has been thoughtfully developed so that it will not intrude into valuable warehouse space. When hung it has a large open mouth to easily receive waste, yet its tapered design enables it to hardly encroach into the floor area.

Originally designed for the warehouse the racksack's flexible method of 'S' locator fixing means it can be hung over or hooked onto any substrate. That's why the racksack has quickly established itself a place in other industrial areas such as factories, offices or anywhere where waste has become a problem.

Made from tough waterproof polyester the racksack can adequately withstand the rigours of an industrial environment.

Three strong handles are woven into the edge of the sack, one on each side for carrying and one on the base, so that the sack can be easily tilted from the base and emptied.

There are 14 design options available, 13 printed waste segregation options plus a completely blank sack.

Handles at the sides & base are double stitched to tough woven polyester

Blue

Ref	Size (mm h x w)	Pack
RSB1	1000 x 920	1
RSB5	1000 x 920	5
RSB10	1000 x 920	10

Green

Ref	Size (mm h x w)	Pack
RSG1	1000 x 920	1
RSG5	1000 x 920	5
RSG10	1000 x 920	10

- Please add the design code to the end of the reference when ordering, for example general waste design in Blue, pack of 5, would be RSB5/GW

Dimensions 1000mm high x 920mm wide. Capacity 160 litres

Each sack is supplied with 2 fixing hooks as standard, however, extra hooks can be purchased.
