**Description**

The better choice for carbon steel and welds. Spirabands are the best product for high stock removal and aggression, exceptional tool life even under the most demanding operating conditions. Good choice for blending and polishing curved, contoured and hard-to-reach areas, removing parting lines, imperfections and burrs on all surfaces. The spiral construction avoids shadow marks and provides smooth, chatter-free cutting action. Easy to mount and remove from cylindrical rubber mandrel by turning slightly to the right
