

LENOX Diamond Holesaw 35mm

10507829

- Long lasting brazed diamond edge for more holes in tile and stone
- Robust design for greater durability in tough applications
- Cuts holes in less time than carbide grit or carbide tipped hole saws
- Thin kerf enables for fast and easy cutting
- Easier plug removal with round holes

Description:

The LENOX Diamond Holesaw 35mm has been constructed using a brazed diamond edge for longer lasting cutting within the hardest ceramic and stone materials. The robust design offers greater durability and allows for more holes to be drilled within tough applications. The thin kerf enables for fast and easy cutting and the round holes make removing plugs faster and easier. Ideal for cutting cement board, abrasives, tiles and stone.
