

2 PIECE 4-IN-1 RATCHET RING SPANNERS - AF

Description

With a multi profile design these wrenches fit five different fastener types, with each wrench covering four fastener sizes. A low profile head make these ideal for working in confined spaces. The precision 72 teeth ratcheting mechanism has a patented push button reverse and each wrench has a vacuum heat treated surface for durability. Will allow user to loosen fasteners up to 50% rounded off. Set of 2 spanners (AF): 1/4, 3/8, 5/16, 1/2, 7/16, 9/16, 5/8, 3/4
