

Sp-3 NON-STICK WELDING

Item #	EAN	Product
181901	3660338006142	Non-stick welding

Description

Adhesive resistant safety product for arc welding.
Removes spatter adherence on all treated surfaces.
Water-based, free of silicone and chlorinated solvents, this product gives the opportunity to safely undertake welding operations. Does not release phosgene when decomposed by heat.

Applications

To protect tips, welding machines and tools used for arc welding operations.

Characteristics

- | | |
|------------------|-------------------------|
| - Gross volume | 650mL |
| - Net volume | 500mL |
| - Propellant gas | Dimethylether |
| - Components | Please refer to the SDS |

Instructions

Shake well before use. Spray directly on the parts to treat (tips, machines...). Let dry a few moments and carry out welding.

Packaging

- Unit
- Carton of 12 aerosols
