

Bandsaw machine – BMSY 360 C

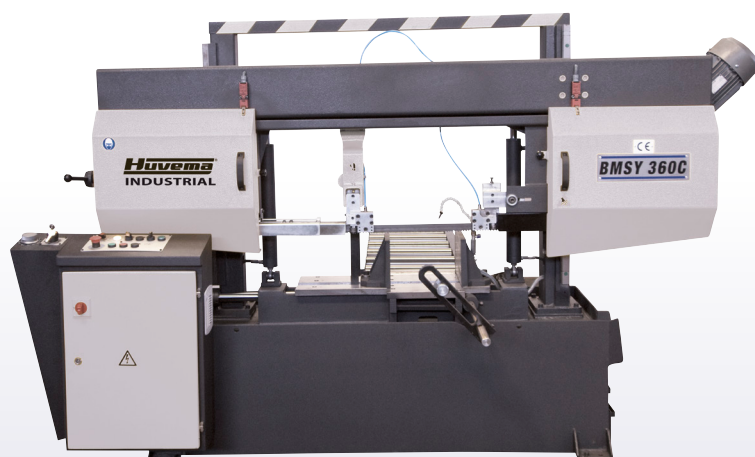

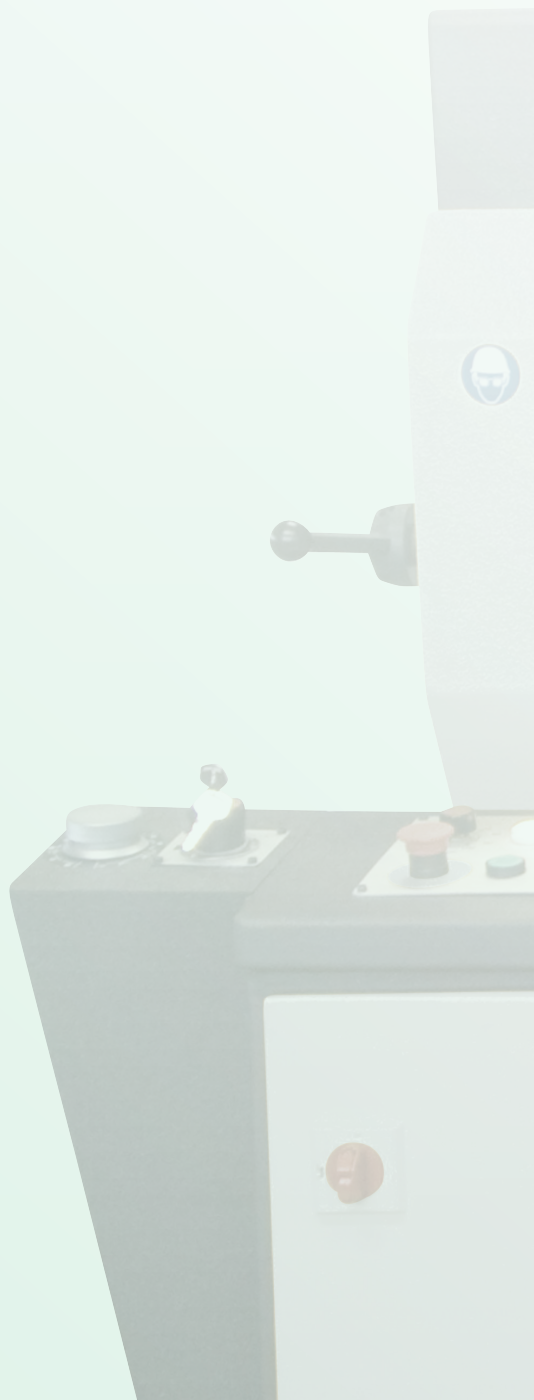

Description

Horizontal band saw. The bow is made of cast iron and the two pillars constitute a strong and rigid saw frame. This ensures high accuracy when cutting. The machines are fitted with an integrated coolant pump that supplies coolant to both guide assemblies. Blade guides with rollers and carbide pads provide precise support for the blade. The machines switch off automatically at the end of the cutting process and the saw arm is lifted hydraulically.

Features

- inverter
- hydro-mechanic blade tension
- swarf brush
- hydraulic vice
- bi-metal saw blade
- removable coolant tank
- 1.2 meter roller table
- thermal overload
- no-volt release

	BMSY 360 C
	Item no. 16477
Saw blade dimensions	4800 x 34 x 1,1 mm
Sawing capacity 45° rectangular	380 x 300 mm
Sawing capacity 45° round	300 mm
Sawing capacity 45° square	300 mm
Sawing capacity 90° rectangular	380 x 520 mm
Sawing capacity 90° round	380 mm
Sawing capacity 90° square	380 mm
Saw speed	20 – 100 m/min
Working height	590 mm
Coolant pump	0,12 kW
Hydraulic engine	0,55 kW
Engine power	3 kW
Net weight	1330 kg
Voltage	400 V
Brand	Huvema Machine tools
