### Description

High-visibility class 2 fluorescent warning waistcoat, with 2 retro-reflective stripes on 50 mm wide waistband, self-gripping fastening with multiple adjustments.

Materials: 100% polyester breathable knitted fabric (120 g/m<sup>2</sup>)

### Instructions & storage

Instructions for use:

Class 2 signaling garment that allows you to be seen perfectly day and night outdoors in all weathers in the light of headlights.

Limits of use:

Do not use outside the area of use defined in the instructions for use above. Before putting on this garment, check that it is not dirty or worn, as this would reduce its effectiveness. Make sure the grey reflective strip is positioned on the outside of the garment. It must not contain any additives that could reduce its visible surface. This garment does not contain any substance known to be carcinogenic, toxic or likely to cause allergies in sensitive individuals. If the protective material is damaged, dispose of the garment.

Storage instructions:

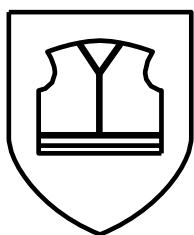

Store in the original packaging away from light and moisture.

### Standards and certifications

Complies with the requirements of European directive 89/686, particularly in terms of ergonomics, safety, comfort, ventilation and flexibility, and with European standard EN ISO20471, High-visibility warning clothing for professional use.

EN ISO20471, High-visibility warning clothing for professional use - Test methods and requirements

2: Garment class (1 to 3)

2: Performance level of retroreflective material (1 to 2)
