

Description:

63 Amp SP+N Switch Fuse

Features:

- Incorporating DP isolator and BS88 fuse all enclosed in a robust metal clad enclosure
- Isolation switch can be locked in ON or OFF position

**Technical:**

Rated operated voltage	230V ac.
Short circuit rating	16kA as per Annex ZB of BS EN 61439-3
Guarantee	10 Years
Frequency	50 Hz
Current rating	63A
Depth	90 mm
Number of ways	1 Way
Incoming terminal capacity	50mm ²
Terminal type	Cage Clamp
Number of outgoing ways	1
Packaging types	Each
Product range	Single Phase Switchfuses
Standards	BS EN 61439 1&3
Protection class ip rating	IP4X (Top Surface) & IP2Xc (all other accessible surfaces)
Lockable	Yes with DLPX1/P
Operating characteristics	IEC 60269-1 Fuse Characteristics
Enclosure	colour RAL7035
Door covers	Steel cover c/w letterbox lid
