Description

Norton Pro Rotolo foam rolls use premium aluminium oxide and are water-resistant and ideal for fine sanding round edges and contours to provide a high finish.

Features & Benefits

Norton Pro A275 is a premium abrasive available in the full grit range for all common sanding and finishing applications

Premium aluminium oxide foam rolls are water-resistant, for dry or wet sanding

Flexible foam backing is ideal for use on round edges, contours and curves without breaking through the paint

Washable

25m long roll of pre-cut sheets, easy to use and economic

Rolls are washable, meaning dust is removed and each section can be reused

Excellent for fine sanding with high finishing level

Rolls are packed in a handy dispenser box and have colour coded labels that show the grit size for quick product selection and easy storage
