Quantum - Fiber Discs fibre disc 115x22mm Gr36 Norton Quantum

Artical Number: 66623327494

EAN: 3157629398937

SizeDerived: 115x22mm

Description

Norton Quantum fibre disc has high stock removal and is ideal for cool grinding on stainless steel and heat-resistant steels. It also generates an excellent surface finish.

Features & Benefits

Ideal for cool grinding on stainless steel and heat-resistant steels

Exceptionally high material removal and long life

Especially suitable for heavy duty applications

Generates an excellent surface finish

Ideal to work with battery-powered angle grinders : Work faster not harder with this fiber disc specifically chosen for its fast and aggressive action on cordless machines

Application Data

Material Application: STEEL, NON-FERROUS, STAINLESS STEEL

Machine: Angle Grinder

Process: Grinding

Equipments:

Technical Data

Coated Sub-Shape: Plain disc with slotted hole

Grit: 36

Backing Material:

Diameter: 115 mm

Marketing CAP: F996

Arbor Hole: 22 mm

Maximum Operating Speed (RPM):

SAINT-GOBAIN
