

# Technical Data Sheet

## *Twister Impact Rated Multi Material Drill Bits*

### USAGE

Twister Impact Rated Multi Material drill bits are recommended for use in:

- Soft Bricks
- Lightweight Blocks
- Medium Density Block
- Concrete Common Bricks
- Red Facing Bricks
- Timber
- Plastic
- Sheet Metal
- Soft Ceramic Tile

#### Usage Instructions:

- Do not use on SDS hammer action
- Performs better in hard masonry materials on percussion function
- For metal and tile drilling, use rotary only

Our Twister Impact Rated Multi Material Drill Bits are designed and manufactured at our factory in Sheffield

### MATERIAL RECOMMENDATIONS

Heavy Duty Concrete	<input type="checkbox"/>	Red Facing Bricks	●
General Concrete	●	Timber	●
Hard Brick	<input type="checkbox"/>	Plastic	●
Soft Brick	●	Sheet metal	●
Lightweight Block	●	Ceramic	●
Natural Stone	<input type="checkbox"/>	Soft Tile	●
Constructional Granite	<input type="checkbox"/>		
Limestone	<input type="checkbox"/>		
Medium Density Block	●		
Concrete Common Block	●		

- Very suitable
- Suitable
- Suitable but better alternative
- Not Suitable

## TECHNICAL ICONS

Wear hand  
protection

Wear eye  
protection

Wear hearing  
protection

Wear a face mask

1/4" quick-change  
shank

Use in power tools  
with a 3 jaw chuck -  
with impact /  
percussion function

Use in a portable  
drilling machine

Impact rated for  
impact drivers

Use on rotary only
