

Padlock aluminium 70AL

Page 1 of 1

Technology and features

- Solid aluminium body
- Encapsulated lock body with special cover and drainage channels to protect the locking mechanism from water and dirt
- Tough vinyl jacket protects sensitive surfaces
- Shackle made from hardened steel with vinyl jacket
- Inner components made from rustfree material
- Double bolted
- Precision pin cylinder
- Paracentric keyway for increased protection against manipulation
- Self-locking by pushing down the shackle, no key needed

Operation and use

- To secure valuable/goods of medium value or at an average risk of theft
- Ideal to secure objects in various areas of application:
- Signal Yellow: at construction sites and in the building trade
- Outdoor Green: outdoor use, unobstrusive look for forests, garden and forest work
- Life Vest Orange: eye-catching, to warn or attract attention
- Machine Silver: for use around machines and buildings

Variants

- Size: 45 mm
