

### BOLT CUTTERS

IRWIN® Record® bolt cutters made their debut in 1923. IRWIN® Record® bolt cutters combine specially formulated steel jaws and exacting manufacturing techniques to make a range of cutters that will handle high, low and medium tensile materials of all kinds.

#### HEAVY-DUTY ARM-ADJUSTED DROP FORGED HANDLES – CENTRE CUT

Designed to withstand the most extreme situations, high-tensile drop-forged and ground steel jaws have also gone through a two-stage heat treatment to significantly increase durability and offer a stable cut capacity. Drop-forged steel handles provide safety and reliability and offer optimal performance for cutting high-tensile material.

#### MEDIUM-DUTY CAM-ADJUSTED DROP FORGED HANDLES – CENTRE CUT

The cam adjusted bolt cutters are perfect for medium duty work on a daily basis. The drop-forged steel handles provide safe and reliable action along with specially formulated and heat-treated induction hardened steel heads.
