868037	3660338219191	Fastening set (4 screws + 4 pins)

Description

Modular parking speed bump that fits to your dimensional needs.

Available in 50mm height (for speed limited to 20-30km/h) or 60mm (for speed limited to 10-20km/h).

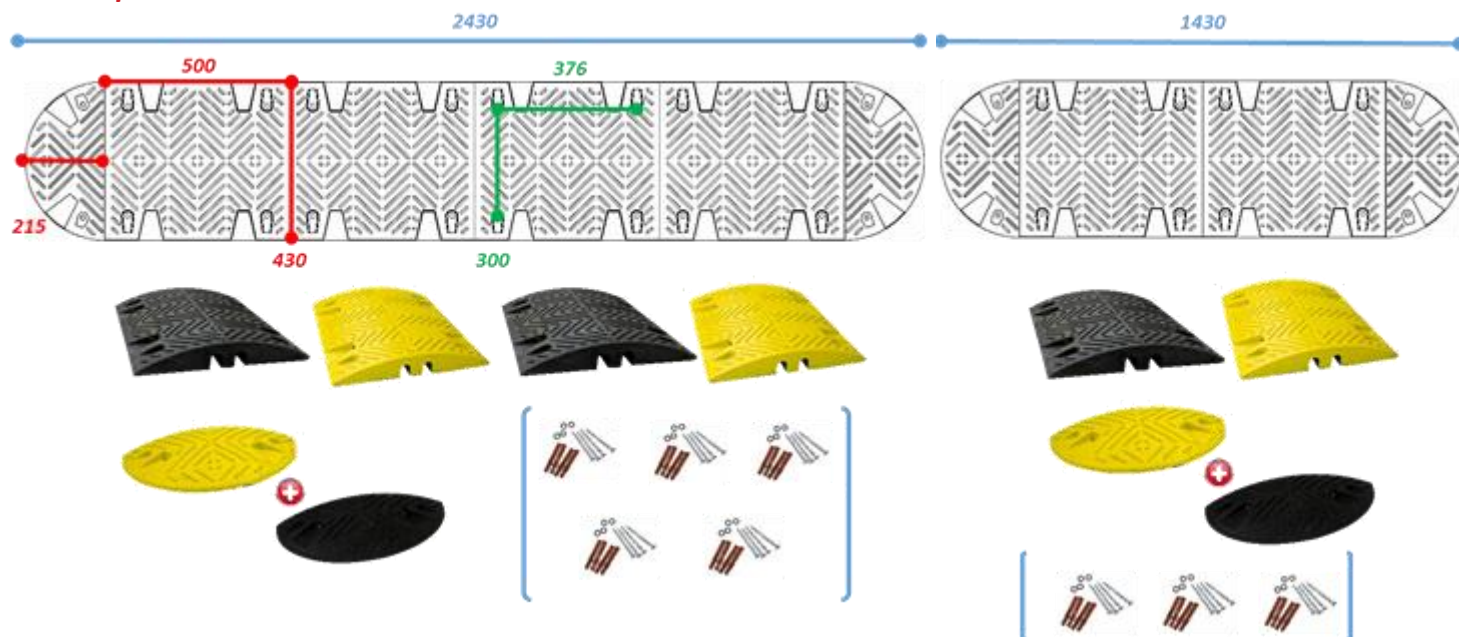

For each height, choose the number of 50cm yellow and black straight modules that are needed, as well as a set of 2 round ends.

Fastening sets are also available to fasten onto asphalt: one bag of 4 fasteners permit to fasten 1 module of 2 round ends.

For a better visibility during the night, each module is equipped with 4 reflectors, and each round end by 2 reflectors. The modules are also equipped with 2 cable cavities (Ø 17mm).
