Norton Expert Fibre Discs fibre disc 125x22mm 36 grit Norton F100

Artical Number: 66623385768

EAN: 3157629507179

SizeDerived: 125x22mm

Description

Fibre discs grind away metal and wood quickly, making light work of tough paint or rust removal jobs. They're strong and resilient thanks to the thick fibre backing.

Features & Benefits

Aluminium oxide fibre discs are tough and versatile, ideal for used with an angle grinder on metal. , Tough, aluminium oxide grain and additional grinding additives make F1 ideal for steel and metal alloys , Versatile abrasive fibre discs for processing steel and metal alloys

Increased stock removal rate for rough grinding and deburring , The 0.8mm/0.6mm thick fibre backing provides good product life in metal removal applications , The heavy weight backing supports aggressive use for demanding sanding jobs, even resists tearing when sanding wood with nails.

MOUNTING: Use with a backing pad on an angle grinder and use a tightening nut to ensure correct fixing to the machine , Removes light welds and weld spatter from metal. , Tough & versatile aluminium oxide abrasive

Wide selection of grit sizes and diameters

Ideal to work with battery-powered angle grinders : Get the most out of your charge and extend the runtime on your battery machine with this fibre discs range

Application Data

Material Application: Steel,Non-Ferrous,Stainless Steel

Machine: Angle Grinder

Process: Grinding

Safety Equipments:

Technical Data

Coated Sub-Shape:	Plain disc with slotted hole	Grit:	36
Backing Material:	Fiber	Diameter:	125 mm
Marketing CAP:	F100	Arbor Hole:	22 mm
		Maximum Operating Speed (RPM):	
		CountryofOrigin:
