

Milling machine – HU 25-4 VHGN

Description

Very popular gear wheel driven milling machine with horizontal and vertical spindle. The machine is equipped with a cooling system and a digital readout system. Universal machine, ideally suited for a workshop.

Features

- with Sino digital readout
- longitudinal feed over gearbox
- cross feed with powerfeed
- coolant tray
- horizontal v-belt driven spindle
- vertical gear wheel driven spindle

	HU 25-4 VHGN
	Item no. 12113
Spindle taper	DIN 2080 ISO 40
Max. distance spindle table	60 – 390 mm
Vertical spindle speed	115 – 1750 rpm
Speed of horizontal spindle	60 – 1350 rpm
Table dimensions	240 x 800 mm
Longitudinal table travel	400 x 200 mm
T slots number / dimensions	5/14 mm
Heart vertical spindle column	200 – 700 mm
Vertical table travel	350 mm
Longitudinal travel	400 mm
Cross travel	230 mm
Milling head tilt left/right	2 x 45 °
Upper arm travel	500 mm
Dimensions l x b x h	1120 x 1060 x 2035 mm
Vertical engine power	0,85 / 1,5 kW
Engine power level	1,5 kW
Net weight	1050 kg
Voltage	400 V
Brand	Huvema Machine tools

Accessory optional

 Set with power chuck and misc. acc.
PROMO SET DIN2080 40 PWC32-73 20991003

 Set with clamping tools, 52 pieces
SPGS M12A 20112278

 Gerardi modular machine vice
GM 125 31482

 Huvema set 2-Axis
