

J2000-DS02 Redashe Rechargeable COB Inspection Lamp

The J2000-DS02 has two light sources, a powerful 3W main COB LED strip flood light and a 1w spot light in the end. The TPE case is ergonomically designed to provide a comfortable grip. The light is IP65 which means it is water and oil splash resistant. The light is supplied with desk / wall mountable charger with built in transformer and 12v in car charging lead.

FEATURES:

- High capacity lithium-ion rechargeable battery for longer life and consistent power
- Strong polycarbonate lens and rubberised housing and grip
- Strong light output around 300 lumens
- 360° rotating top hook.
- 1w end lamp
- Desk / wall mountable charger (create your own bank)
- Highly polished reflector for increased light spread
- Ergonomically designed body design for a comfortable grip
- Shock, water and oil resistant
- Easy to use switch even with gloves on
- In vehicle 12v charging lead
- IP65
