

Electrically heated hot water for exhaust gas free heating

The ergonomic and easy to use MH design is now adapted to an electrical heated hot water unit. Ideal for use in areas where exhaust gases must be avoided, the MH 5M E offers pollution free hot water cleaning. The MH 5M E is adapted to use in industries and areas sensitive to exhaust gas emissions. The MH E benefits from many of the same features as the MH 5M, including best-in-class mobility, easy maintenance and service system, WDK dual chemical system, robust steel chassis and frame.

- Pollution free electrical heating
- Precise temperature control and fast heating effect
- 1450 rpm motor with low noise level
- QuickService concept reduces maintenance costs
- Easy to use control panel, all controls in one place
- Ergonomic accessory system for additional user comfort
- Max. Inlet temperature 60°C
