### Features and Benefits :

General purpose professional Hand Barrier Cream for protection against oil and water based contaminants e.g mineral oils, grease, paints, inks, diluted chemicals, bleaches, coolants, cutting oils, resins, solvents and general dirt and grime

- high quality professional formulation containing kaolin
- makes hands easier to clean
- protects hands against dermatitis
- can be worn under gloves to prevent hands de-fatting / de-hydrating
- food safe

## **Technical Data:**

### **Ingredients:**

Aqua, Kaolin, Paraffinum Liquidum, Petrolatum, Cetearyl Alcohol, Sodium C12-15 Alkyl Sulfate, Cetyl Alcohol, Titanium Dioxide, Glycerine, Phenoxyethanol and Chlorophenesin.

### **Instructions :**

Before work, apply 1-2mls to clean, dry hands. Rub well into skin, especially around the nails and cuticles. Re-apply after washing. Also recommended for use under gloves.

Avoid contact with eyes - if product comes into contact with eyes, rinse with clean water. If symptoms persist, seek medical advice.
