

Cut

Heavy Duty

Cost effective alternative compared to medium weight leather, thick cotton, HPPE or aramid and avoid double gloving

- Made with a seamless liner as well as a knitted wrist to offer close fit in cut resistant applications, EDGE[®] 48-703 combines a good level of cut, abrasion and thermal resistance in one glove.
- In addition, it delivers good sensitivity, fit and cushioning.
- The leather palm re-enforcement provide protection in cut and hot parts handling environment for the worker.

Industries

- Automotive
- Machinery and Equipment
- Metal fabrication
- Oil and gas

Applications

- Handling slightly oily metal parts and sheets
- Stamping press shop
- Primary assembly

Key Features

- Good dexterity and flexibility
- Medium cut protection and high levels of abrasion
- Good grip in dry and slightly oily environments
- The leather pad provides extra safety in terms of grip, cut, abrasion protection and cushioning during stamping applications

Vulcanization Chemical Accelerators

- Natural rubber proteins

Only a very small number of users may be sensitive to this ingredient(s) and hence may develop irritant and/or allergic contact reactions.

Performance Standards & Regulatory Compliance

REACH Compliant
