

PROTECT

Stokoderm® Protect PURE

General Skin Defense Cream

PRODUCT DESCRIPTION

Universal perfume-free pre-work cream to help protect skin against water and non-water based workplace contaminants.

WHERE TO USE

Protection against light to moderate oil-based and water-based substances (such as oil, grease, lubricants and detergents). Stokoderm® Protect PURE is versatile and suitable for most workplaces. Compatible with latex or nitrile gloves.

HOW TO USE

- Apply to clean and dry skin before starting work, after washing hands and after lengthy breaks
- Rub small amount of product on areas of skin at risk, including between the fingers and on the fingernails

NB: Using skin care products does not release you from your duty to take the prescribed protective measures

Protection Rating **1**

Skin exposure to moderate and changing contamination

FORMAT: CREAM

FEATURES	BENEFITS
Proven universal action against aqueous solutions, oils and solvents	• Suitable for a wide range of applications including different kinds of substances
Doesn't leave any unpleasant or uncomfortable residue on the skin. Fast absorbing	• Enjoys a high cosmetic acceptance • Encourages regular use and does not affect dexterity with hand held tools
Contains Xanthan Gum	• A highly effective film forming agent known to help repel contaminating substances from the skin surface
Contains the natural mineral Kaolin	• Kaolin sits in the skin pores and helps to prevent them from becoming blocked by oil-based substances
Contains Glycerin	• Active ingredient known to support the skin's natural barrier function
Non-tainting to food	• Suitable for use in environments where food is being handled or produced
Compatible with the most common types of materials for gloves	• Suitable for use under gloves and PPE without impairing safety or comfort
Skin friendly pH	• Helps to maintain the natural acidic protective mantle, whose function includes protecting the skin from bacterial and fungal infection
Perfume-free	• Universally accepted • Ideal for people who are sensitive to fragrances
The product contains 90% renewable or biobased content. USDA BioPreferred certified	• Product ingredients have been carefully selected to help reduce the use of fossil fuels, reduce emissions and improve environmental sustainability
Silicone-free	• Can be used in almost any production process • No adverse effect when painting / coating surfaces

INGREDIENTS

AQUA (WATER), KAOLIN, CETEARYL ALCOHOL, DICAPRYLYL CARBONATE, GLYCERIN, XANTHAN GUM, PHENOXYETHANOL, DIAZOLIDINYL UREA, SODIUM CETEARYL SULFATE, SODIUM LAURYL SULFATE, YELLOW 5 (CI 19140), YELLOW 6 (CI 15985)

STATUTORY REGULATIONS

This product is regulated by and compliant with the Cosmetic Regulations in the Canadian Food and Drug Regulations of Health Canada. Deb products are produced and tested to ensure they meet the quality requirements for registration and/or approval by Health Canada.

SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information, please refer to the Safety Data Sheet which can be downloaded from www.debgroup.com/ca/msds.

QUALITY ASSURANCE

Deb products are manufactured in facilities which follow Current Good Manufacturing Practice (cGMP) and/or Cosmetic GMP requirements.

All raw material used for production undergo a thorough quality control process before being used for manufacturing in Deb's high quality products.

All finished products are subject to intensive quality testing before being shipped out to our customers.

SHELF LIFE

This product has a shelf life of at least 24 months from the date of manufacture when stored unopened at room temperature.

CERTIFICATIONS

USDA BioPreferred: Stokoderm® Protect PURE was certified by the United States Department of Agriculture to have 90% biobased content and to comply with the USDA defined thresholds for biobased Personal Care products.

PACK SIZES

Stock Code	Size	Case Quantity
UPW30ML	30ml tube	100
UPW100ML	100ml tube	12
UPW1L	1 litre cartridge	6

COMPATIBILITY ASSURANCE

Skin Compatibility Test: The 48hr Single Patch Test results have been validated by a dermatologist to show the product to be 'non irritant'.

Toxicological Approval: Formulation assessed by an independent toxicologist and declared safe for use.

EFFICACY TESTS

Human Repeat Irritation Test: In vivo test shows that the product reduces irritation when the skin is exposed to an irritant material.

Barrier Property Test: Excellent barrier properties have been proven by using living human skin explants. The protective activity was evaluated by measuring the percutaneous absorption of various moderately aggressive and sensitizing substances (3 water-soluble and 2 oil-soluble).

PRODUCT TESTS

Non-taint Test: Product has been tested according to Sensory Analysis-Methodology-Triangle Test BS EN ISO 4120:2007. Proven to not have the potential to taint food when used as a pre-work cream.

Glove Compatibility Test: Tensile properties were determined using test based on EN 455-2:2009. The product has been shown not to have a deleterious effect on latex and nitrile gloves.
