Description

100% polyester. Yellow or Orange colour. Grey reflective bands:

- one horizontal around the body.
- one vertical over each shoulder. Self-grip fastening.

Applications This garment is for signalling the user's presence visually, intended to provide conspicuity of the user in hazardous situations under any light conditions by day and under illumination by vehicle headlights in the dark. Road maintenance, maintenance of parks and gardens, public works professions, transport, construction, dockers, movers, tour guides, security jobs...

Characteristics Good quality of workmanship and materials.

High visibility strips on the shoulders and body for high security.

Lightweight while providing essential security particularly at night thanks to its retro-reflective material.

With its single horizontal band and braces format this is the most common style of high visibility (hi vis) waistcoat issued today.

Instructions & storage

Always keep the garment fastened.

This garment must be kept clean or the reflective properties may become impaired.

If damaged the garment must be replaced.

Read carefully the instructions enclosed with the product before use.

For reasons of hygiene and safety, this garment is for personal use only.
