SizeDerived: 150x18mm

Description

Developed for use on composite materials, but also for paint or wood applications, the A293 discs are made from premium aluminium oxide grain for fast material removal and smooth surface finishing when sanding. The strong paper backing and No-Fil® coating combine for clog-resistance and long disc life.

Features & Benefits

Light and flexible paper backing provides a consistent scratch pattern, with a smooth surface finish in fine applications.

No-Fil® stearate treatment on top of high performance aluminium oxide abrasive reduces clogging and dust build-up in all sanding applications for a smooth finish.

Disc life is long thanks to no clogging on the disc.
