Magnetic Easy Wipe Racking Strip - White

Wipe Clean

Magnetic

- Gloss white surface
- Write on – wipe off using a wet wipe marker pen
- Cost effective labelling system

The magnetic easy-wipe racking strip allows the user to quickly create labels and identification that are completely reusable and movable. Traditional adhesive labels, whilst offering permanent identification cannot be relocated or updated, unlike this magnetic tape.

All rolls are supplied in 10m lengths. Simply cut to the desired length, write on with a wet wipe marker pen and if required remove text with a damp cloth. Using a wet wipe pen reduces the chances of the information being accidentally wiped off.
