| 862394 | 3660338170911 | G-WASH |

Description

Concentrated yellow dishwashing liquid, lemon fragrance.

Specially formulated for manual washing of kitchen utensils (dishes, glassware, cutlery, pots and pans...). Can also be used for the maintenance of floors, walls, worktops, laminated surfaces, vehicle bodies, etc.

Complies with the decree of 8 September 1999 (amended by the decree of 19 December 2013) on processes and products used for cleaning materials and objects intended to come into contact with foodstuffs, products and drinks for human and animal consumption.

Chemical nature

Anionic surfactants, non-ionic surfactants, viscosity agent, perfume composition, preservative, colorant.

Instructions for use

Dilute in water, preferably lukewarm, at a rate of 3 to 5 mL per litre of water depending on the degree of soiling. Wash, rinse with drinking water in case of possible food contact. Allow to drain and dry in the case of containers.

Physico-chemical characteristics

- Appearance Viscous liquid
- Colour Yellow
- Odour Lemon
- pH in pure state 7.0 (± 0.2)
- Density at 20°C 1.030 (± 0.005)
- Total solubility in water

Labelling & transport

- Labelling SGH07, H319 according to EC Regulation 1272/2008 and its amendments (so-called CLP)
- Not subject to ADR transport

Precautions for use

- Product intended for professional use only
- Do not mix with other products
- Wear household gloves if used for long periods
- Reproduce the label if decanting into another container
- Follow the precautions of the regulatory labelling

Storage & packaging

- Store the product in its original packaging, away from light and at a temperature between 5°C and 30°C
- 1L bottle
