

Redashe Rechargeable COB Work Light

J4000-COB

The professional heavy duty 6w + 3w COB rechargeable work light has a front and top light. The front light has three settings emitting either 150, 300 or 700 lumens. The first setting provides an easy to work with no glare light, while the medium setting increases the white light improving definition. The max setting provides bright, almost daylight illumination over a large area. The robust ABS and TPR housing is dust, water and impact resistant making the unit ideal for all tough applications.

FEATURES:

- 6W COB LED 75> CRI
- Main COB Low 150 lumens, Med 300 lumens, High 700 lumens
- Top Light: 3W CREE, 150 lumens, 65 > CRI
- Switch Mode: Top Light - Worklight Low - Med - High - OFF
- High impact ABS covered in soft comfort grip material, PC lens
- Nylon 360 degree rotating hook, which folds away against the lamp body
- Super strong magnetic base ■ Flexible 180 degree 7 step folding base design
- 3 LED Indicator to display battery level during charging and working
- Micro charging USB point, 110V-240V with splash proof cover
- 1.5m USB cable ■ IP65, IK07 ■ Drop tested from 2m

TECHNICAL DATA	
Power Supply Type:	Rechargeable
Battery:	3.7V 2600mAh Li-ion
Charging System:	Input: 110-240VAC
	Output: DC 5V / 1.0A
Charging Time:	4 hours
Operation Time:	Top light: 6 hrs - Work light: 6hrs / 4hrs / 3hrs
Temperature:	-10 °C to +40 °C
SMD - LED:	6W COB main light and 3W end light
