

# Manifold block CPE14-PRSGO-2

Part number: 187829

FESTO

 [General operating condition](#)

## Data sheet

| Feature                            | Value                                                                                      |
|------------------------------------|--------------------------------------------------------------------------------------------|
| Max. number of valve positions     | 2                                                                                          |
| Burst pressure                     | 3 MPa                                                                                      |
| Burst pressure                     | 30 bar                                                                                     |
| Burst pressure                     | 435 psi                                                                                    |
| Operating pressure                 | -0.09 MPa ... 1 MPa                                                                        |
| Operating medium                   | Compressed air to ISO 8573-1:2010 [7:4:4]                                                  |
| Note on operating and pilot medium | Lubricated operation possible (in which case lubricated operation will always be required) |
| Corrosion resistance class CRC     | 2 - Moderate corrosion stress                                                              |
| LABS (PWIS) conformity             | VDMA24364-B1/B2-L                                                                          |
| Product weight                     | 950 g                                                                                      |
| Mounting method for sub-base       | With through-hole<br>With H-rail                                                           |
| Pneumatic connection, port 1       | G3/8                                                                                       |
| Note on materials                  | RoHS-compliant                                                                             |
| Material housing                   | PA-reinforced                                                                              |
