Roof Ladders

Rugged oval-section stiles offer the combination of lightweight usability and strength needed for roof work. The ladder is fitted with a roof hook to secure on the central ridge with wheels to run the ladder up the roof. Protected bearers fitted at intervals help spread the load across the roof tiles.

- Large Heavy-Duty ridge hook with rubber covered anti-slip locating bar
- Large wheels for easy manoeuvring on the roof
- High grip rubber coated support bearers for tile protection
- Suitable for all roof pitches
- Ladder supplied in 2 x parts for transport
- Roof hook requires assembly before first use

Wing nut secures sections - no tools needed

Rubber covered bearer bars

Fitted wheels

ROOF LADDERS
