

SMARTWASHER SW-23 SERIES: END-OF-LIFE COMMUNICATION

SUMMARY:

After many successful years as a leading product in our portfolio, the SmartWasher SW-23 Mobile Parts & Brake Washer is officially reaching its end-of-life phase. As previously communicated, the advanced and improved SmartWasher SW-33 is already available as its successor.

DETAILS:

- Replacement parts for the SW-23 will continue to be available.
- Product manuals and machine diagrams for the SW-23 remain accessible on our official website.
- The final units of the SW-23 machines are available for purchase until stock is depleted. Interested parties are encouraged to contact their CRC Sales Representative for further details.

1752925	UK plug	SmartWasher SW-33 220v Mobile Parts Washer UK
1756496	EU plug	SmartWasher SW-33 220v Mobile Parts Washer EU

RECOMMENDED ACTION:

The new SmartWasher SW-33 Mobile Parts Washer is strongly recommended as the ideal replacement for the SW-23. While maintaining similar dimensions and aesthetic, the SW-33 incorporates a key enhancement: a single integrated control assembly designed to significantly reduce potential downtime and enhance overall system reliability.

For additional information and to explore the features of the SW-33, please contact your dedicated CRC Sales Representative.
