

### CI-6 ELECTRICAL CONTACTS CLEANER

Article #	EAN	Product
895116	3660338474880	Electrical Contacts Cleaner

#### Description

Dielectric cleaner without chlorinated or aromatic solvent. Very efficient cleaner, rapidly eliminates stubborn dirt – high dissolving properties. Adequate replacement for conventional, chloride solvent-based cleaning products, offering a solution for their aggressiveness with certain plastic surfaces and the harmful effects of vapours. Spartex CI-6 Electrical Contact Cleaner is non-conductive & non-corrosive, has a powerful jetspray and can be used in various positions.

#### Applications

Degreasing contacts, electrical & ignition systems. Suitable for battery terminals to mixing panels & switches.

#### Characteristics

- Gross Volume	650 ml
- Volume net	500 ml
- Propellant	Propane / Butane
- Components	Please refer to the SDS

#### Instructions

Before use, carefully read the directions on the packaging and act accordingly. Best application temperature 10 to 25°C. Before use, shake the aerosol. Spray the parts to be treated until the contamination has disappeared. Contaminated contact cleaner should be regarded as chemical waste. Only switch on electrical installation after evaporation of the solvent (min. 15 minutes)

#### Packaging

- Unit
- Box of 12 aerosols
