

Gr-3 WHITE FOOD GREASE, PTFE, NSF H1

Article #	EAN	Product
895124	3660338474927	White Food Grease, PTFE, NSF H1

Description

White PTFE based food grade grease.

Odourless & resistant to detergents. Lubricates even in severe conditions: corrosive environments & high temperatures.

Resistant to water & steam. Ideal lubricant for devices within the agrofood industries with mechanisms needing a good lubrication. Reduces friction between metallic & plastic pieces as well as preventing corrosion.

Applications

Recommended for clean lubrication of bearings, even if used with hinges, springs, tools, rails & chains.

Characteristics

- Gross Volume	650 ml
- Volume net	500 ml
- Propellant	Propane / Butane
- Components	Please refer to the SDS

Instructions

Before use, carefully read the directions on the packaging and act accordingly.

Best application temperature 10 to 25°C.

Before use, vigorously shake the aerosol.

Intermittent spraying – avoid long spraying and maintain the aerosol at 20cm from parts to lubricate.

Flexible tube permits to lubricate difficult to reach parts.

Packaging

- Unit
- Box of 12 aerosols
