

### Industrial Line -Specialities Spiraband spiraband 22x20mm 60 grit Flexovit INDUSTRIAL LINE

Artical Number: 63642585018

EAN: 3157625582835

SizeDerived: 22x20mm

#### Description

The better choice for carbon steel and welds. Spirabands are the best product for high stock removal and aggression, exceptional tool life even under the most demanding operating conditions. Good choice for blending and polishing curved, contoured and hard-to-reach areas, removing parting lines, imperfections and burrs on all surfaces. The spiral construction avoids shadow marks and provides smooth, chatter-free cutting action. Easy to mount and remove from cylindrical rubber mandrel by turning slightly to the right

#### Features & Benefits

Sharp zirconia grain provides an aggressive cut for fast material removal

Thanks to the sharpness of the grain, product life is extended compared to standard abrasives, particularly on alloyed metals, stainless and carbon steels

Ideal for use on irregular shaped components, curves and recesses

#### Application Data

Material Application: Steel,Stainless Steel,Wood & Chipboard

Machine: Straight Grinder

Process: Sanding

Safety Equipments:

#### Technical Data

Marketing CAP:	KX672	Diameter:	22 mm
Backing Material:	Heavy Cotton X wt.	Width:	20 mm
Grit:	60		
Color:	Blue	Attachment:	
Coated Shape:	Coated Specialities		
Coated Sub-Shape:	Spiraband,coated
