

## HSS JIGSAW BLADES FOR METAL

**FEATURES:** HSS jigsaw blades offer high durability and best cutting results in steel and non-ferrous metals • Consisting of fully hardened, high-speed cut-to-length steel (HSS)  
• Coolant lubricant: cutting oil, emulsion, lubricating / cooling grease (for aluminum, mild steel), water (plastic, plexiglass).

For use with jigsaws  
(cordless and corded)

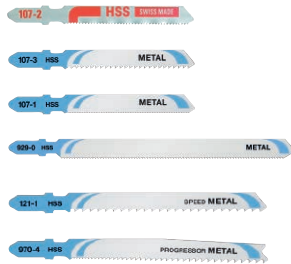

Metal/Steel

Stainless  
steel

Aluminum

Article number	Application	Total length mm	Working length mm	Teeth pitch mm	Max. cutting depth mm	Bosch Article number	Pack qty.
DT2160-QZ	Straight cuts in steel sheet and non-ferrous metals.	76	50	1.2	4	T118A	5
DT2161-QZ	Straight cuts in solid material (Steel and non-ferrous metals).	76	50	2	6	T118B	5
DT2162-QZ	Straight cuts in very thin steel plate and non-ferrous metals.	76	50	0.7	2	T118G	5
DT2085-QZ	Straight cuts in thin steel sheet, non-ferrous metals (1.5- 3 mm) and aluminum (up to 65 mm).	1 32	108	1.2	3	T318A	5
DT2163-QZ	Fast, straight cuts in aluminum (up to 15 mm), steel and non-ferrous metals (3-6 mm).	100	72	3	15/6/30	T127D	5
DT2058-QZ	For thin to thick sheets, thin tubes and profiles as well as aluminum up to a thickness of 1.5-10 mm.	100	74	1.2 - 2.6	10	T123X	5

### SET

Article number	Description
DT2292-QZ	10 pcs. set HSS Stich Saws for metal, 2x DT2172 Straight cuts in very thin steel sheet and non-metal, 3x DT2160 Straight cuts in steel sheet and non-metal, 2x DT2161 Straight cuts in solid material such as steel and non-metal, 2x DT2163 fast, straight cuts in aluminum, steel, non-ferrous metal and PVC, 1x DT2054 BiM - curve cuts in metal and thin steel sheet

## EXTREME® BI-METAL JIGSAW BLADES FOR METAL

**FEATURES:** EXTREME® bi-metal jaw saw blades offer an extended durability in non-ferrous and ferro-alloyed metals • Coolant lubricant: cutting oil, emulsion, lubricant / cooling grease (for aluminum, mild steel), water (plastic, plexiglass).

For use with jigsaws  
(cordless and corded)

Metal/Steel

Stainless  
steel

Aluminum

**EXTREME®**

Article number	Application	Total length mm	Working length mm	Teeth pitch mm	Max. cutting depth mm	Bosch Article number	Pack qty.
DT2150-QZ	Quick cuts in steel up to 3 mm, also in Aluminum, copper, brass and others non-ferrous metals up to 3 mm thickness	86	61	1	3	T118AF	3
DT2154-QZ	Fast cuts in steel up to 6 mm, also in aluminum, copper, brass and others non-ferrous metals up to 5 mm thickness	76	51	1.8	6	T118BF	3
DT2156-QZ	Fast cuts in sheet metal up to 2.5 mm	76	51	0.8	2.5	T118GF	3
DT2054-QZ	Curved cuts in metal and thin steel plate	82	55	1.5	4	T118OF	5
