

**Edition 31**

Total Quality,  
Total Service

- Tough, flat, colour coded floor identification frames
- Available in 2 insert sizes: A4 and DL
- Choice of 6 stand out colours
- Permanent industrial strength adhesive to withstand warehouse traffic
- Ideal for identifying bulk stack locations or to highlight important information

Frames4floors are tough permanent adhesive colour edged PVC frames that enable a printed message or code to be placed and protected onto the floor. Manufactured using a thin plastic membrane, the frames bond onto the floor surface and are therefore resistant to the rigours of a busy warehouse.

The frames are available with two window sizes, either A4 up to 200x290mm or DL up to 89x199mm. Frames are available with six colour options, making them ideal for 5S and lean environments.

#### To fit an A4 size message:

Dimensions in mm

Choice of 5 colours & chevron:

#### A4 Frames4floors

Ref	Size of insert (mm h x w)	Colour	Pack
