

ADJUSTABLE WRENCH - CHROME

Description

- Standard: ISO 6787
- Chrome-vanadium steel with chrome finish for extra durability
- More accessibility thanks to the 22.5° head tilt
- Measuring scale in mm on the jaw to quickly obtain the size of nuts, tubes, etc.
- Perfectly parallel jaw surfaces
- Ergonomic handle with hanging hole for easy storage
- Tapered handle for better grip and lighter weight for large dimensions (450 mm and 600 mm)
- Direction of rotation of the thumbwheel: right
