

Horizontal fold-flat valved respirator**FFP2 NR D**

Reference 733438

**Filtering face-piece respirator. FFP2 NR D****Boxes of 20 pieces. Horizontal fold-flat.**

Single-use. Latex-free continuous loop.

Adjustable nosepiece to minimise leakage but maximise comfort.

Exhalation valve.**Advantages**

Foldable design and easy carry/storage. Individually hygienically packed. Sealed edge avoids fluffy open layers and eliminates the possibility of irritation. P.P. outer/inner layers provide smooth lining and comfortable feel. Soft edges can fit different facial shapes with minimum leakage. Latex-free continuous loop design can allow to hang the mask around the neck when not in use. Exhalation valve lessens heat build-up and provides greater comfort. Light wear and comfortable. Easy breathing/Speaking. Clear vision. Free maintenance (disposable item). Reliability of an ISO9001 manufacturing. Pass the "D" dolomite clogging test.

Type of use

Industrial maintenance, Industrial cleaning, Public works professions, Cement works
