PRODUCT SPECIFICATION & TECHNICAL DATA

B121 - Thermal Trouser

Collection: Baselayer

Range: Underwear

Shell Fabric: 50% Polyester, 50% Cotton 200g

Product information

The B121 creates a layer of warmth around the lower body. The soft poly-cotton fibres and fabric knitting mean that heat is trapped in. Cuffed hem and elasticated waist provide a comfortable fit.

Baselayer

Baselayer garments are made from a 100% Wicking Polyester which draws moisture away from the body keeping the wearer cool, dry and comfortable under exerting conditions. The garments are suitable for all levels of activity and can be worn as an extra thermal layer for workwear in cold weather or as a technical sports garment for added comfort and enhanced performance.

Underwear
