

# MINI CIRCUIT BREAKERS TECHNICAL DATA SHEET

# Spartex

Our range of miniature circuit breaker (MCB) lockouts have been designed to fit most modern single and multiple pole miniature circuit breakers. The lockout prevents the circuit breaker toggle from being turned on, use appropriate padlock to prevent unauthorised removal.

Due to the size of these MCB lockouts, should you need to use a hasp to increase the number of padlocks we recommend the di-electric hasp LOK053 or wire padlock LOK185. All of the following MCB lockouts can be locked out using a single safety padlock with a maximum shackle diameter of 7mm.

Fitting	Code
Pin out	LOK205
Pin In	LOK206
Pin Out Wide	LOK208
Tie Bar Lockout	LOK207
