Description

Concentrated multi-application "universal" aqueous detergent.

An advantageous replacement for many specific products.

High cleaning power and degreasing capacity make it an ideal partner in industry, maintenance, authorities...

Allows you to considerably reduce the number of different products to be purchased and thus avoid significant waste.

Cleaning action: like all cleaning products, it partially destroys dirt and partially, sometimes even completely, emulsifies the greasy substances that make up the dirt to be removed.

Renovating action: it also removes pollution from its support, often giving a new look to dull and old-looking surfaces.

Applications

Industry, industrial maintenance (mechanical devices, workshops, tools...), vehicles cleaning (bodywork, engine, binnacle, carpeting, pressure washers...), cleaning (floors, carpets, painted surfaces...)...

Carpets, PVC or aluminum frames, Household appliances, woodwork, tools, blinds, lawnmowers, boilers, dustbins, bodywork, insect detachment, rims, seats, plastics, fabrics, nicotine traces, caravans, laminates, motorbikes, bicycles, leather, synthetic leather, bilge boats, engines, machine frames, etc...
