

## Black Sidley S3 SRC SHOES

Reference 885942 to 885953

**Standard:** EN ISO 20345 : 2011 S3 SRC A

**UK  
CA**

**Sizes:** 36 to 47

**Description:** Low derby type shoe, outdoor style, black colour.

Water-repellent full grain leather upper. Breathable mesh lining for better moisture transfer to the outside, high breathability and quick drying. Composite safety toe cap. Flexible “no metal” anti-perforation sole.

Dual density PU sole.

Protects the operator in the event of an electrical discharge by a minimum resistance of 0.75 M-Ohms between the ground and the human body, while protecting both sensitive material and explosive atmospheres by limiting the force of possible electrostatic overload of the human body within 35 M-Ohms whose spark-like discharge could ignite an explosion or destroy sensitive material.

### **Strong points:**

Light shoe.

Padded heel collar, ensures comfort and protection of the Achilles tendon.

Optimal depth crampons.

Anatomically formed footbed.

100% metal free.

Ceramic / water-detergent	<b>SRA</b>
Flat 0.52 / heel 0.53	
Steel / Glycerin	<b>SRB</b>
Flat 0.19 / heel 0.18	

### **Anti-perforation protection**

Non-metallic material for safety footwear made of multiple textile layers of extremely tearproof fibers. The midsole offers **greater comfort, flexibility, cold insulation, humidity absorption and shock absorption** to the wearer.
