

## Kunda S3 SRC SHOES

Reference 885955 to 885964

Standard: EN ISO 20345 : 2011 S3 SRC A

UK  
CA

Sizes: 39 to 48

Description: High brodequin type shoe, outdoor style, black colour.

Greased full grain leather upper, easy to clean. Breathable functional lining. Asymmetrical fiberglass safety toe cap with extra space in the toe cap. Flexible “no metal” anti-perforation sole.

Dual density sole with PU midsole for cushioning and comfort and a highly abrasion-resistant TPU outsole, with PU toe cap protection.

Strong points:

Light shoe.

Soft padded collar.

Anatomically formed footbed.

Highly resistant toe cap of fiberglass-reinforced synthetic material. Excellent corrosion behaviour, good electrical and thermal insulation effect and antimagnetic.

Reflective stripes for better visibility during night work.

Closed dust tongue made of soft leather, newly developed ergonomic molding with additional arch support and superior fit.

Weight: 845g (weight of a foot in size 42)

Anti-perforation protection

Non-metallic material for safety footwear made of multiple textile layers of extremely tearproof fibers. The midsole offers **greater comfort, flexibility, cold insulation, humidity absorption and shock absorption** to the wearer.
