Description

Grey perforated suede leather upper. Breathable open-cell fabric lining. Removable, anatomical, anti-transpirant insole.

Closure: Hole in importe-pièce

Laces: Polyamide, abrasion-resistant (> 15,000 frictions under 250 g according to DIN4843).

Reinforced tongue for walking comfort without stressing the instep.

Anti-abrasion PU/PU sole, lightweight and flexible, with excellent slip resistance.

Perforated composite toe cap with breathable membrane.

Caractéristiques

Soft suede leather with side perforations

Air tunnel lining for enhanced breathability

The combination of 3 technologies (perforated composite toe cap + insole + air tunnel lining) expels heat and moisture, keeping feet cool and dry.

Weight : 581 g (for a foot size 42)
