

NON WOVEN HAND PAD

Description

Thanks to its 100% impermeability, the abrasive grain can be located on the surface and also inside the canvas

Applications

Metals, wood, composite and plastics

Strong points

Flexible open mesh construction resists clogging, conforms to curves, contours and tight spaces easily. Waterproof and washable.

Characteristics

Ref.	EAN	Length mm	Width mm	Grain
886474	3660338398988	230	150	Medium
886475	3660338398995	230	150	Fine
