

DIAMOND DISC CONCRETE « CLASSIC » 125 & 230 mm

Item #	MDM	EAN	Diameter
886393	12745184	3660338398254	125 mm
886394	12745187	3660338398261	230 mm

Description

Sintered turbo segments disc.
Perforated ventilated sheet for better cooling.
High cutting speed.

Applications

Reinforced concrete, concrete, breeze block, brick, natural stone, granite.

Technical characteristics

Technical attribute	Nominal value #886393	Nominal value #886394
Diameter (mm)	125	230
Bore diameter (mm)	22,23	22,3
Number of segments	2	2,6
Segment width (mm)	10	18
Segment thickness (mm)	32	34
Segment height (mm)	9	9
Optimal No-load speed (rpm)	12250	6650

Standards and certifications

EN13236
